CARES ACT

On March 27, the bipartisan *Coronavirus Aid, Relief, and Economic Security (CARES) Act* was signed into law. This historic, families and workers-first legislation is the largest stimulus package in modern history, and allocates nearly $5 billion in relief for Pennsylvanians, including unprecedented unemployment insurance that will even cover gig workers and those who are self employed. Families in our region and across the country deserve a coordinated, fully-funded, whole-of-government response to keep everyone safe from the Coronavirus epidemic, and this legislation helps provide the resources to execute that response.

Individuals making up to $75,000 ($150,000 for married workers) will receive payments of $1,200 with an additional $500 payment per minor child. The payments decrease ratably and stop altogether for single workers making more than $99,000 ($198,000 for married workers and $218,000 for a family of four.)

These payments will be issued by the IRS via direct deposit and will be based on 2019 or 2018 tax return or 2019 Social Security statement.

If someone has not filed a tax return in 2018 or 2019 and does not receive Social Security benefits, the IRS recommends filing a 2018 return to receive payment. If the IRS does not have the taxpayer’s bank account information, the taxpayer should look for a letter from the IRS detailing how to receive their payment.

If you receive Social Security, retirement or other social safety net benefits, you may still qualify for direct payments. These payments will not be taxable nor represent “resources” for program eligibility purposes.

HOMEOWNERS & RENTERS PROTECTIONS

Mortgage Forbearance
Homeowners with FHA, USDA, VA, or Section 184 or 184A mortgages (for members of federally-recognized tribes) and those with mortgages backed by Fannie Mae or Freddie Mac have the right to request forbearance on their payments for up to 6 months, with a possible extension for another 6 months without fees, penalties, or extra interest. Homeowners should contact their mortgage servicing company directly.

Eviction Protections
Renters residing in public or assisted housing, or in a home or apartment whose owner has a federally-backed mortgage, and who are unable to pay their rent, are protected from eviction for 4 months. Renters whose landlord is not abiding by the moratorium should contact the relevant federal agency that administers their housing program or their local Legal Aid office.
